

Hello Margaret,

I just wanted to congratulate you on running such a great event for primary school aged students in our area yesterday, and also to thank you for the opportunity to participate.

The Currawa students found the experience very worthwhile and are all keen to participate again in future. Now they certainly have a good idea of what is expected. They (and their families) really enjoyed listening to the other students speeches, and enjoyed the delicious afternoon tea.

I certainly didn't envy the judges!

Rosalie
